WORK EXPERIENCE

- As a fresher, I do not have formal work experience yet, but I am eager to gain hands-on experience through real-world projects and professional environments. I am enthusiastic about applying my knowledge of HTML, CSS, JavaScript, and Node.js to contribute effectively to development teams and continue growing as a full stack developer.

ACADEMIC PROJECTS

- 1. Restaurant Website Technologies Used: HTML, CSS, JavaScript Created user-friendly navigation, interactive menus, and layout optimized for different screen sizes. Focused on clean UI and smooth user experience.
- 2. Jewelry Website (Ongoing) Technologies Used: HTML, CSS Currently designing a jewelry e-commerce site to showcase product collections. Emphasizing attractive design and layout to highlight visual appeal. Planning to add backend features using Node.js in the future.

- 3. Avengers Card Gallery Technologies Used: HTML, CSS Created a fan-based website showcasing Avengers characters. Included interactive sections like character bios and hover effects.
 - 4. Harry Potter Hogwarts House Technologies Used: HTML, CSS, JavaScript Developed a creative website featuring Hogwarts houses, characters, and magical elements. Focused on themed colors, fonts, and layout for a magical user experience.
-
